Rohail Ahmad

Full Stack Developer

+923270782028 rohailrao07@gmail.com

Professional Summary

MERN Stack Developer with strong expertise in React.js, JavaScript, and modern web technologies. Skilled in building scalable, user-friendly web applications. Experienced with Tailwind CSS and Node.js/Express. Strong grip on C++ programming. A proactive team player focused on delivering high-quality solutions and achieving project success.

Skills

Frontend: HTML, CSS, JavaScript, React.js, and Tailwind CSS

Backend: Node js, Express JS, Mongodb, Mysql

Tools: Git, GitHub, VS code, Sublime text

Other Skills: React Router, Axios, C++, REST APIs, Redux, Cross-browser

Projects

E-Commerce Website

- Build a fully responsive e-commerce front-end with Tailwind CSS and React JS.
- Include category-based sorting, search, and dynamic product listing and filtering.
- Implemented React Router to ensure smooth and consistent page transitions across the e-commerce site, resulting in a 15% decrease in bounce rate for mobile users. Make a shopping cart system with constant local storage and add/remove capabilities.
- Create product detail pages that include pricing, customer reviews, and picture previews.
- To improve the user experience, loading states and pagination were added.
- Build a mobile hamburger menu and a responsive navigation bar with a search bar.
- Redux Toolkit is used to manage global states.

Job Finder Website

- Advanced Job Search with filters (keyword, location, job type, category).
- AI-based job recommendations are generated from user history and preferences.
- Save & manage jobs with local storage support for later access.
- User Authentication (login/register with form validation and protected routes).
- Admin Dashboard (view user activity, job statistics, and CRUD operations).
- Dark/Light Mode toggle with persistent theme preference.

Experience:

Frontend Development Intern — IJ Technologies

Full Stack Intern ---- bVoir Technologies

Education

Bachelor of Science in Computer Science (BSCS)

Punjab University Jhelum Campus

Expected Graduation: 2027 **Current Semester:** 6th Semester
